

Prefinished floors from BR-111™ provide superior wear and stain resistance. Even so, simple routine care and maintenance will help protect your floors and ensure years of hassle-free enjoyment and natural beauty. For unfinished flooring, follow specific care and maintenance instructions provided by finish manufacturer.

Cleaning

- Sweep, vacuum, or dust mop regularly to prevent sand or abrasive dust build up that can scratch the floor's finish.
- Blot up spills immediately with a damp cloth.
- Periodically clean floors using a leading brand of cleaner made for prefinished hardwood floors (follow directions on bottle).
- Do not use ammonia or oil-based wax, polish, abrasive cleaners, or furniture cleaners.

Protecting

- Place high-quality floor mats and area rugs near outside entrances to prevent dirt, sand and other unwanted substances from being tracked directly onto flooring.
- Support heavy furniture and appliances with wide-bearing glides or casters.
- Affix felt floor protectors on movable furniture, including chairs, tables, and sofas, that sit directly on hardwood flooring.
- Relative humidity should be maintained between 35% and 55% to minimize expansion and contraction of hardwood flooring.
- Avoid walking on floors with sharp, "stiletto" style high-heel shoes.

PolyCare Hardwood Floor Cleaning System

Everything you need for fast and easy wood floor cleaning in one convenient package. **Purchase on-line at www.br111.com.**

- 20 oz. PolyCare Spray Cleaner
- 52" Telescopic Mop Handle
- Durable Molded Plastic Mop Head
- Machine Washable Terry Cloth Cover
- Cleaning Guide

PolyCare Spray (20 oz.)

Ready to use no-rinse PolyCare Cleaner is perfect for all polyurethane treated wood products. Trigger-spray head adjusts from mist to stream. Use on laminate, synthetic and pre-finished hardwood flooring as well as cabinets, furniture, railings, counters and woodwork. Provides the outstanding results of PolyCare concentrate, without measuring or mixing.

PolyCare Concentrate (20 oz.)

The original no-rinse PolyCare concentrate is specially formulated for use on all polyurethane treated wood products. Simply mix 2 ounces of PolyCare concentrate to one gallon of warm water. Light, fresh scented PolyCare leaves prefinished hardwood floors sparkling clean without a lingering odor or residue.

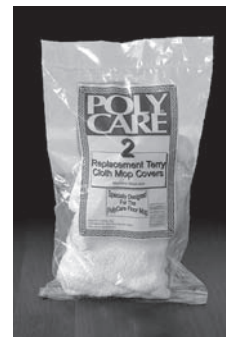

PolyCare Scuff Remover (20 oz.)

Special cream formula lifts heel marks and tough stains from polyurethane treated wood floors in seconds. Commercially tested and rated for gym floors, PolyCare Scuff Remover is ideal for all high traffic areas, including kitchens and hallways. Wipe on, wipe off application leaves behind only a pleasant lemon scent.

Terry Cloth Mop Cover (2 per pack)

Made from 100% pure cotton, the PolyCare Terry Cloth Mop Cover is hand sewn to fit the PolyCare mop head. Durable, high quality terry cloth is reversible and machine washable for maximum service.

PolyCare Concentrate (Gallon)

Economical gallon size features the same formula as our 20 oz. concentrate. Perfect for commercial applications or anywhere large areas of polyurethane treated wood surfaces must be regularly cleaned and maintained.
